

Homework 0

Deadline: 11th Jan(11:59 PM)

Total marks: 10

Only 1 team member should upload the zip on Moodle and fill out the Google form. The entry number should follow this format: “2022CSZ8001”. Here are the assignment details:

1. Create a team of 3 and give it a name. Create a GitHub repository for the team. You'll push your assignments for grading here.
2. Fill out this [Google form](#). Only 1 form submission per team. Join Piazza. You'll use it to clear your lecture and assignment doubts.
3. Sign-up link: [piazza signup link](#)
4. Get HPC and Baadal accounts for all team members.

Steps for HPC access request:

- Go to this [webpage](#) and log in.
- Enter the details of the approver faculty (sayanranu@cse.iitd.ac.in). Use sayanranu.
- The expiry date of your access must be the end of the course (20th May for now).

Steps for Baadal access request:

- Go to this [web page](#).
 - All details regarding Baadal access are mentioned there.
 - All rules for HPC access, as mentioned above, need to be followed for Baadal access as well.
5. Moodle submission (Note: 1 submission per team)
 - You need to submit proof of creating the GitHub repo and having access to HPC and Baadal.
 - Put proof screenshots in a PDF. Each member will create their separate proof PDFs. The name of the PDFs must be [\[entryno\]_piazza_proof.pdf](#), [\[entryno\]_hpc_proof.pdf](#) and [\[entryno\]_baadal_proof.pdf](#)
 - In a text file named [team-details.txt](#), write the team name, member details, and GitHub repo link in separate lines.

- Create a folder named
[team_name]_[member1_entryno]_[member2_entryno]_[member3_entryno]
- All team members must put their PDF proofs and team-details.txt in this folder and zip it. The zip file must have the same name as the folder.
- Unzipping it should generate a folder containing 10 files: three proof PDFs for each member and one team-details.txt.

[Note: Only 1 member of the team should submit the above zip file on Moodle.]
